

Children's Diabetes Education and Support

Center for Diabetes Management offers family-focused services and education for children with type 1, type 2 or pre-diabetes, such as:

- Meetings with certified diabetes educator
- Instruction on initiating insulin or regulating insulin
- Insulin pump management
- Carbohydrate counting and nutrition education including meal-planning for home and school
- Fitness and activity education

Doctor's referral required. Center for Diabetes Management collaborates with the JDRF for best practices.

For additional information, please call Center for Diabetes Management at (480) 728-3535.
